Dear Dr. McMillan:

I appreciate the advice in your letter of 22 September 1964 that the analysis of Soviet anti-satellite capabilities given you by Dr. Chamberlain and his associates was well received.

I have passed on to Dr. Chamberlain the terms of reference for his further investigation on possible and probable Soviet weaponry which could represent a threat to our satellite vehicles. Dr. Chamberlain feels he will be prepared to present an informal briefing anytime convenient to you after the 5th of October. He will shortly contact your office to establish an appointment.

Faithfully yours,

Marshall S. Carter
